

Warning

Hot Tubs are not intended to be used as bath tubs. Guest should always shower or bathe prior to using Hot Tub.

We drain, clean, and sanitize Hot Tubs after every guest. But to insure a healthy experience during your stay and use please follow this simple rule. Remember that any bacteria introduced into the hot tub will grow very rapidly and in some cases can overwhelm the bromine in the tub. This can lead to a serious health hazard. Our Hot Tubs are pre-set to 98 degrees higher temperature will be the responsibility of the guest
